Issue Description: When taking a SCORM test the "Date Created" and "Date Submitted (or Saved)" in 'Grade Center > View Grade Details' are exactly the same. The "Date Created" should be the date and time that the SCORM item was accessed and the "Date Submitted" should be submission exit time.

Steps to Replicate:

1. Log in to Blackboard as an *Instructor*.
2. Access a Course > Course Menu (Content Area) > **Build Content > Content Package (SCORM)**.
3. Set SCORM item or SCO items to be gradable and **Submit**.
4. Log in as a *Student*.
5. Access the course and complete the SCORM content.
6. Log in as the *Instructor*.
7. Access the course > Control Panel > **Grade Center > Full Grade Center**.
8. Click the contextual menu (chevron) > **View Grade Details**.

Expected Result: The Date Created and Date Submitted are different as the first is the beginning of the assessment and the second is the saving of the assessment.

Observed Result: The "Date Created" and "Date Submitted (or Saved)" dates and times are exactly the same.
