Frequently Asked Questions:

Q. What if the expenses for my project exceed the $1000 budget?

A. Contact your program coordinator and/or Dean to see what program or School funding may be available to cover the shortfall.

Q. What is the time commitment required for the ITEE program?

A. This program less about clocking hours and more about enhancing pedagogy, student engagement, and student learning through the use of technology. The hours spent by any participant will be directly related to the goals that are set in the application.

Q. Are there any other requirements?

A. Participants are required to submit two progress reports – mid-project and end of project. These reports are required and, if not submitted, may impact eligibility for future funding opportunities. Participants are expected to share their work at the Stockton Day of Scholarship -- either a poster or presentation. Although not required, participants are strongly encouraged to submit a presentation for the NJEdge Faculty Showcase or other conference venue.

Q. Who may apply for the ITEE program?

A. Any full time faculty member may apply. Interdisciplinary team applications are encouraged.
