Annual Reports Now Delinquent

Annual Reports for R&PD, CDC, Sabbatical, and Academic Advising Internal Awards were due October 15, 2013.

Please complete an “Annual Report” form for each award you received for FY 2013, and any outstanding reports for prior years.

Completed reports should be e-mailed to the Grants Office, as well as sent to Provost Kesselman and your Dean or Supervisor.

All annual reports must be up to date in order to be considered for any additional internal award funding.

NSF Update
– After the Shut Down

The National Science Foundation (NSF) emerged from a 16-day funding lapse that severely limited their ability to conduct their mission to advance the progress of science and engineering. The NSF provided a page for guidance regarding the resumption of operations at NSF following the shutdown. The NSF will continue to update the page as more information becomes available.

GRC Faculty Alert System

Finding funding just became easier!! The Faculty Alert System is an automated, monthly e-mail system containing funding opportunities tailored to each faculty member’s specific needs. The alerts may include federal and private funding opportunities, with application deadlines extending out three months. As faculty needs will continually change, participants have the ability to alter their criteria at anytime.

To participate, simply complete a Faculty Alert System application and return it to grants@stockton.edu. Because of a new filing system at the Grants Resource Center (GRC), applications will now be immediately put into the system and your funding opportunities alerts will begin without delay!

Save the Dates: March 19th & 20th

You are invited to participate in the 14th Annual Day of Scholarship scheduled over two days this year! During these days presenters will share their scholarly work and provide listeners with opportunities to engage in Stockton’s academic community.

Mark the dates on your syllabus! Presentations are opportunities for student learning.

For additional information and the application to present, see the Grants Office website. Applications due January 24, 2014.
