Bachelor of Science in Health Science (BSHS)

What is the BS in Health Science (BSHS) Program?

The BSHS Program offers students who are interested in careers in Healthcare the opportunity to begin their career path. The curriculum is based on the Core Competencies for Interprofessional Collaborative Practice (IPEC). Working closely with a faculty preceptor, students have the ability to design an educational program, within the structure of the major, which will help them prepare for a variety of positions in healthcare or for future Professional/Graduate education.

The BSHS Program has 4 concentrations:

- General
- Pre-Communications Disorders (Pre-CD)
- Pre-Physical Therapy (Pre-PT)
- Pre-Occupational Therapy (Pre-OT)

What can I do with a Health Science Major?

1) Go to www.stockton.edu
2) Click on Academics, then Undergraduate Programs, then Health Sciences, then Bachelor of Science in Health Science. Click on Program Brochure, to see the BSHS Brochure which provides a wide range of career options.

Where can I find information on the web for the BSHS Program?

1) Go to www.stockton.edu
2) Click on Academics, Undergraduate Programs, Health Science, and then Bachelor of Science in Health Science.

Where can I locate the curriculum worksheets for the BSHS concentrations?

1) Go to www.stockton.edu
2) Type “Academic Advising” in the search box
3) Click Programs of Study on the left
4) Select Health Science
5) This page provides links to all the Health Science curriculum worksheets
6) Select the worksheet you are interested in under the Allied Health heading
   a) The first is BS in Health Science (General)
   b) The second is BS in Health Science Pre-Communication Disorders Concentration
   c) The third is for BS in Health Science Pre-Occupational Therapy Concentration
   d) The fourth is for BS in Health Science Pre-Physical Therapy Concentration
What are the requirements for admission?

The BSHS General and BSHS Pre-Communication Disorders concentrations are open to Stockton students in good academic standing.

The BSHS Pre-Physical Therapy and Pre-Occupational Therapy concentrations require that students meet the Math requirements* specified by the School of Natural Science and Mathematics (NAMS).

*An SAT Math score of 550 (ACT Math score of 24) is required to select the Pre-Occupational Therapy (Pre-OT) and Pre-Physical Therapy (Pre-PT) concentrations as the concentration of study.

Students are advised to declare their majors by the beginning of the sophomore year to provide sufficient time to meet all program requirements for graduation by the end of their senior year. Credit for transfer students will be considered on an individual basis. An interview by appointment with the BSHS coordinator is strongly recommended prior to declaration of the major.

What are the requirements for graduation?

**Bachelor of Science Degree (General):**
- BSHS Core 40-46 credits
- BSHS cognate courses 34-40 credits
- General Studies G-acronym 32 credits
- Liberal Studies 16 credits

**TOTAL 128 credits**

All BSHS program and cognate courses must be completed with a minimum grade of “C” or better.

Tuition Costs?

Go to [www.stockton.edu](http://www.stockton.edu) and click on the Site Map. Look under the B’s for Bursar’s Office. Click on Bursar’s Office/Tuition Rates and choose the semester you are interested in.
