Motion Passed: 23-0-01*

*Senators Abstained: Maribeth Capelli
Vice President’s Report

I am excited to say that the committees are continuing to do great work and pursue helpful interests this semester.

The Student Senate will be hosting Herman’s State of the College Address in the Board of Trustees room (Or was it the theatre? Oh dear.) at five o’clock on 5 April 2014. Please come learn what’s going on at Stockton now and what you can expect in the near future. Pizza (or some such goodie) will be served.

Senators, please remember to sign in—on your own page! —In the binder in the office.

I hope that the semester has been treating everyone well. Remember to smile at others daily: it will make them happy, and it will make you happy, too.

Academic Policies Committee

Maribeth yields the floor to Katerina to report for the Academic Policies Committee. Katerina’s only report is that the Latin Honors research has been completed and she is currently waiting for an email back from the provost before reporting anything further. She yields the floor to Chad to report on the Leadership Minor. Chad has been in contact with the head of the political science department and discovered that given the current initiative for a minor in Civic Engagement, an overlap could occur over leadership. Chad plans on contacting the Dean of the General Studies Department, also a leader in the Service-Learning Department, and will update us when that is complete. Katerina yields the floor back to Maribeth.

Legislative Policies and Government Affairs Committee

Maribeth yields the floor to Jessica to report for the Legislative Policies Committee. Jessica reports that Maryam has been continuing her efforts to discover duties among other Student Senates throughout institutions in New Jersey. Her goal is to find purpose for the Legislative Policies and Government Affairs Committee and give it a new direction. Maryam is also continuing to pursue her research for the honors program at Stockton and expand it beyond just newly admitted freshman. Jessica yields the floor to Maryam.

Upon attending a conference at Ramapo College, Maryam reports on her success in discussing duties with other school’s Legislative Policies and Government Affairs Committees. She plans on organizing a higher education awareness week at Stockton, which will educate students on college loans and debt. She also hopes this event will teach students how to write grants in order to further their education and pursue active roles in their community.

Jessica reports on several other committee member’s endeavors. Tom will be drafting a survey that focuses on the qualifications for scholarships at Stockton and hopes to expand these opportunities to a broader portion of the student body. Ariel is organizing a lunch-in with the
government official (preferably the lieutenant governor) for the student senate in the upcoming semester and is also working towards an event that focuses on promoting civic engagement among students. Jessica yields the floor to Angelo to report on his meeting with Daniel Tome, an Assistant Director in the Office of Service Learning.

Angelo reports on his current efforts to promote a better relationship between students and their access to the New York Times. A survey composed of generic questions about the paper will be emailed to the student body in the upcoming weeks. Angelo hopes that students will begin to utilize this free service more often for their own benefit.

Jessica concludes her report by stating her current mission to make the student code more readily available to students. It appears that students are finding it difficult to access the student code so by making it easier to access, they will have a better understanding of the consequences that go along with violating it. She also intends to discuss the current health insurance policy at Stockton to better inform students on the affordable healthcare act. Jessica yields the floor back to Maribeth.

**Student Welfare Committee**

Maribeth yields the floor to Carl to report for the Student Welfare Committee. Carl reports on several current issues including student’s requests to add more locations that accept Osprey Cash. Some recommendations include McDonalds and Buffalo Wild Wings although, Carl urges students to bring any other ideas to his attention. Carl is also looking into the current issue with the Bookstore and its lack of necessary books that students are required to have for class. While this is a problem among students, professors state that they inform students of what they need months in advance of the semester beginning and that this should not be an excuse for being unprepared. Carl also reports on several changes he is working towards with Dining on Campus such as establishing the equivalency rate with meal plans as well as an implementation of a “Napkin Board” similar to the one at Rutgers University. This will provide continuous feedback on Chartwells and hopefully improve the quality of N Wing. Carl yields the floor to Maurice.

Maurice reports on the wireless update and its success in taking only fifteen minutes to complete. He also reports on an event that the committee is hoping to organize called, “Write Out Loud”. This event will give students an opportunity to voice their concerns, complements, or questions about Stockton. One last issue Maurice is currently working on is the length of time students are waiting in line at Dunkin Donuts and reducing this time so that students can get in and out quicker between classes.

Murphy reports on her recent meeting with RHA and Denise O’Neil to discuss improvements with on-campus housing. As of now, the Washers and Dryers have been serviced and Murphy is currently working on implementing signs urging students to leave washer and dryer doors open while not in use. Also, the sofas in Housing One have been looked at and repaired and will continue to repaired in other housing buildings as needed. Murphy finalizes her report with an update on the Women’s Gender and Sexuality Center and her goal to open this center on campus
such as those found at other institutions. With the support from several clubs and faculty on the approval of this center, Murphy looks for the same approval from the student senate. Murphy motions to approve the proposal of receiving student senate support in the opening a Women’s Gender and Sexuality Center. Seconded by Eddie.

Motion Passed: 19-03-03*

*Senators Opposed: Caleb Garofalo, Thomas McBride, Ariel Miles
**Senators Abstained: Jessica Carey, Maurice Brandon, Murphy Slagle

Nick reports on the recent student complaints with phone chargers on campus breaking and/or not working properly. He states that new chargers compatible with Androids as well as iPhones four and five have been ordered and will be available soon.

Cristian reports on his recent meeting with Jon Heck regarding the unexpected gym closings. Cristian will be receiving a courtesy email given these circumstances and will relay the message to the student body as needed. He also met with the directors of I wing to discuss the rearrangement of student schedules in order to maximize current members hours as well as make spots available for other students. Based on several complaints due to Big Blue’s showers being cold, Cristian has spoken with Jon Heck and discovered that this has been an ongoing issue for a significant amount of time. He states that this is a result of the showers not being used regularly and there is little that can be done to fix the problem.

Carl finalizes his report by announcing the recent opening at the Bursar’s office for work-study students. Those who are interested should stop by the Bursar’s office to apply. Also, the link to Buzzocracy is now available on Go Portal for students to utilize.

Louis finalizes his report with some last minute updates. Starting this week, eligible organizations will be provided with Budget Request Forms for next fiscal year. The deadline for submission is 24th February 2014. Once an organization submits their form to the finance committee, the organization will receive a budget hearing date and time. The budget hearing dates for all organizations will be held between March 4th - 27th. The Full Senate will approve the fiscal year 2015 budget on April 1st, 2014. Carl is looking into the possibility of making the following locations available for students to use their osprey cash at; Buffalo Wild Wings, McDonalds, among other places. If you have any other places in mind that you would like to accept osprey cash, please let him know. Trish followed up with him and said that they have contacted the various places and are waiting on confirmation from the franchise owners.

A student brought up a concern in regards to the shuttle service consistency. After speaking to Trish Krevetski she informed us that the Blirp It, the shuttle tracker servicer, was unable to upgrade their system. As a result, they are in the process of contracting with a new provider. They expect execution and implementation of the new contract shortly. As soon as we have a firm implementation date, we will provide that information. Based on your concerns we are reviewing the service and will make adjustments as necessary.

Update on shuttle route: They have expanded the Campus Center shuttle route to include service for both residential areas on campus; this route now includes Parking Lot 7 and N Wing. The route time has increased and some, not all, loops could take 20 minutes to complete. The time between shuttles is different based on the time of day and the conditions on campus.

There is now a survey at N-Wing that is asking for student feedback when you leave. The survey is next to the register. Please make sure you fill one out after eating at N-Wing, so that we can continue to enhance the dining experience on campus!

A student also brought to our attention that Lakeside and building 82 labs hardly ever have paper. After speaking to Robert Heinrich he informed us that it is part of their normal rounds for the staff to check these rooms both in the morning and evening 7 days a week. During the semester the help desk is open until 11pm Sunday through Thursday night so if you need assistance please call the help desk at x4309. He is going to reach out to Housing and Residential Life to coordinate placing paper in the RA office for emergency situations.
A student also brought a concern to us in regards to the pricing of food on campus and the service at Dunkin Donuts. Dining services is currently hosting “Dine with the Directors” and in March they will be having two focus groups to talk about the meal plan and dining services in general. Dining services will also be addressing the issue at Dunkin Donuts.

Student Welfare and the Legislative Policies and Government Affairs Committee will be working together to create an event with the help of the Financial Aid office that will inform students of over borrowing and the lender process. They will be meeting with Jeanne Lewis, Director of Financial Aid, on Wednesday February 19th, 2014 at 2:30 to discuss what the logistics of the program will be.

A link to Buzzocracy will be posted on the Go Portal, so that it is more accessible for students.

Maurice addressed a concern in regards to the temperature in classes. He contacted plant management and made them aware that USC room 260 is unbearably hot. Plant will be changing the temperature to ensure that students are more comfortable in class.

The “Write out Loud” event tabling will be on February 28th, 2014 in the CC Food Court from 10:00-3:00. Come with any questions, comments, or concerns! BE HEARD!

Murphy will also be meeting with Denise O'Neill to discuss a gender inclusive option for the dorms, possibly in housing II in lower K on Friday February 21st, 2014. **Supplemental Account balance as of 18 February 2014 is $36,330.56**

**Highest Praise Gospel Choir (HPGC) submitted a budget amendment in the amount of $2,000.00.** The amendment is to offset the organization’s budget to allocate funds towards their finance issues. The organization’s starting balance for fiscal year 2013/2014 was at $10,000.00. After allotting funds for musician’s salaries ($5,625.00) for the 2013 fall semester, the beginning balance for 2014 spring semester is $4,375.00. The budget amendment will allow HPGC to continue the services of their musicians and acquire new attire for new members. HPGC had expressed to the committee that importance of the musicians. The musicians practice and perform with HPGC as they are requested at multiple offsite events, such as Benefit Concerts and Services. The Finance Committee explained the importance for HPGC to acquire further information and research from other Gospel Choir Clubs from Colleges throughout the state of New Jersey.

Total: $2,000.00 Contribution: Club ($0.00) Personal ($0.00)

Motion Passed: 03-0-02*

**Religious Council (Hillel Club) submitted a supplemental request in the amount of $1,450.00 for a trip to see the Broadway Show, “Newsies,” in New York City, New York.** Trip date: March 23, 2014. Ticket prices are $57.00 per person; Hillel Club will sell tickets at $10.00. The revenue received from ticket sales will be deposited back into the supplemental account. The estimated attendance for the trip is 50 people. The original request from the organization was $1,600.00. Reason for the adjustment is seeking more club contribution by fund raising. The finance committee believes they can achieve their goal of $150.00 by promoting the trip.

Total: $4,100.00 Contribution: Club ($2,500.00) Personal ($0.00)

Motion Passed: 5-0-0*

**Commuters On The Go (COTG) submitted a budget amendment in the amount of $1,000.00.** The beginning balance for fiscal year 2013/2014 was at $2,500.00. Currently the balance for the COTG is little below $1,000.00. The spring semester is an important semester for COTG, as a huge influx of transfer students arrive at Stockton College. Currently over 60% of students who attend at Stockton College are commuters. The amendment will allow COTG to continue providing viable programs and events for the remainder of Spring Semester.

Total: $1,000.00 Contribution: Club ($0.00) Personal ($0.00)

Motion Passed: 5-0-0*
Marine Science Club submitted a supplemental request in the amount of $850.00 for a two day Marine Science Seminars Series. The 1st event date will be held on March 5, 2014 in the Board of Trustees room. The 2nd event date will be held on April 16th in the A&S building. The estimated attendance is 40 to 80 people. In the previous semesters the event was funded in part by the Marine Science Club and by NAMS. Due to limited funding this semester, the Marine Science Club will have to fund the seminars for this semester alone. The organization has already allocated their funds to different programs and events for this semester, not knowing at the time they were going to need funds for the seminars. The Finance Committee felt that the amount requested was quite high due to lack of fund raising or club contribution. The Committee understands the misfortunate financial backing for this semester’s seminar series, but the majority of the committee had asked that the organization contribute by either club budget, club revenue, or by fund raising. The original amount requested was at ($915.08). Total: $915.08 Contribution: Club ($65.08) Personal ($0.00)

Motion Passed: 5-0-0*

The trip is not open to campus wide. This trip is collaborated with Marine Science Club, SET, and EDIBLE with each organization contributing $100.00 ($300.00). Water Watch will be contributing $1,079.00. The tickets are being sold at $15.00 a ticket, to 42 students, which is a total of $630.00. The organization is requesting $715.00 for the bus transportation to New York City, New York. Total: $2,724.00 Contribution: Club ($1,379.00) Personal ($630.00)

Motion Passed: 5-0-0*
