

The Stockton University Foundation Board of Directors

Return Policy

Policy #: 2010-2

Adopted: August 16, 2010

The Stockton University Foundation accepts voluntary donations from supporters in the form of checks, credit cards, stocks, real estate, bequests in wills and/or through various trust instruments. Donations, unless otherwise allocated, will be used for the University's general needs. A gift committed for a particular charitable gift may not be diverted from that charitable purpose. Therefore, once the Foundation receives a gift, the gift must be used to further the University's charitable purposes. The University Foundation accepts these donations with the understanding that they are not returnable. Therefore, to guarantee proper allocation of donations, avoid adjustments, and maintain consistent donor relations, no gift to the University Foundation shall be returned to a donor unless a clear error in the amount of payment or payee has occurred.
