ADMINISTRATIVE SERVICES

ARTHUR A DAVIS, JR., Executive Director of Administrative Services and Liaison for Corporate Relations, presented a workshop on "Health, Happiness, & Success in Small Business" on Thursday, March 11, 2004. The program was hosted by The Community of Scholars. Sun National Bank sponsored a $1,000.00 Scholarship for the student with the best small business plan. The workshop was intended primarily for students in the Community of Scholars and workshop participants.

ALUMNI

Alumni Reception draws over 70 for Harlem Globetrotter’s Game

The RSC Alumni Association hosted a reception from 5:30 to 7:00 p.m. on the floor of the Sports Center preceding the Harlem Globetrotter’s Game on March 10. The 70+ people who attended the reception were entertained by the Globetrotters as they signed basketballs, posed for pictures, and put on a show for the crowd. The Alumni Association donated tickets to several area groups, including West Wildwood Bible Church, Pleasantville Family Center, AC Sub Shop, Atlantic Care, Field of Dreams, The Lighthouse, and The ARC.

CAMPUS POLICE

On February 14, 2004, Stockton College Police Officer PETER HAGERTY received the Mainland PBA #77 Commendation Award for his "outstanding performance at the scene of a shooting/homicide at Kennedy’s Bar" in Galloway Township on September 28, 2003. This incident preceded the shooting of two police officers at Pomona Campground later that night.
On February 13, 2004, Stockton College Police Officer Peter Hagerty received the Atlantic County Police Chiefs’ Defibrillator Commendation Bar for his part in saving the life of an individual with a defibrillator while working as an Emergency Medical Technician with the Hamilton Township First Aid Squad.

On April 15, 2004, the Stockton College Police Department is co-hosting with the New Jersey Chiefs of Police Association, a “Train the Trainer” seminar presented by the New Jersey State Police. The seminar provides all the materials and lesson plans for an officer to teach citizens preventive measures to avoid identity theft which is the fastest growing crime in the nation.

Stockton College Police Department personnel attended a “CALEA Accreditation Program Overview” on 2/19/04. The accreditation program is a voluntary law enforcement program developed by the New Jersey Chiefs of Police Association. There are 145 standards which a police department must meet to become accredited. Some of the benefits include a more effective and efficient delivery of services to the community, implementation of policies and procedures that are conceptually sound and operationally effective, establishment of agency goals and objectives, streamlined operations, improved officer morale, and the establishment of excellence and professionalism in the agency. The accreditation process will require a long term effort from the Stockton College Police Department.

COMPUTER AND TELECOMMUNICATIONS SERVICES

Network Enhancements

Effective February 2, 2004, Richard Stockton College’s NJEdge net connection was completed giving the college full access to the statewide higher education network. Resources now available include Internet2, IP video conferencing between member institutions, and enhanced bandwidth capabilities to all members of NJEdge net. More information concerning NJEdge net can be found at www.njedge.net.

On February 19, 2004 HERB MYERS, Professional Services Specialist 2, Computer Services, attended the Data Resource Group meeting of NJEdge. Topics included Network Monitoring Tools to troubleshoot video issues, Tools for Diagnosing Network Problems, Internet 2 Resources and Quality of Service Analyzers.

On February 26, 2004, Richard Stockton College received full certification, from the NJEdge net video portal, to use our Video Conferencing Units on the statewide higher education network. The portable video conferencing system, which is available through the Media Center and a fixed unit in the President’s conference room are fully certified and available to use for IP videoconferencing between member institutions.
Web Enhancements

An online application that enables students to submit housing renewal applications over the web was developed for the Office of Housing and Residential Life.

Lab Hardware and Software Upgrades

New computer workstations have been installed in D-026 computer lab. Workstations from the D-026 lab have been placed in E-012 creating a new 14 seat walk-in lab for student use.

Hitachi Starboard Pilot

The electronic podium in D-027 has been replaced with a Hitachi Starboard. The use of the Starboard in D-027 will serve as a pilot test to determine whether the new equipment should be used in other electronic classrooms and labs on campus. The Starboard provides the features of an electronic whiteboard, (i.e., using an electronic pen to annotate the projected image), but can also simply function as a computer monitor for those who don’t wish to use the additional features.

FACILITIES PLANNING AND CONSTRUCTION

Housing I Exterior Repairs 2004 Update

The contract for the 2004 Housing I Exterior Repairs was awarded to the low bidder, Axios, Inc. The cost for this project is below the amount approved by the Board of Trustees. Two thirds of the funding for this project will be available from the Higher Education Capital Improvement Fund (HECIF) when a bond is sold by the New Jersey Educational Facilities Authority (NJEFA). This is the third and final phase of the Housing I Exterior Repair project. It consists of replacing exterior walls, windows, doors, and entrance lights for the four buildings in G & H Courts of Housing I. On site construction will begin on May 7 with a completion date of August 15, 2004.

Housing II Shower Improvements Update

The College accepted bid proposals for the replacement of Housing II shower facilities on March 9, 2004. Currently, the architect and the College are reviewing the low bid proposal. The low bid is within the budget approved by the Board of Trustees. The project consists of rebuilding 31 shower areas in Founders Hall at the Housing II dormitories.
Academic Fire Suppression System Update

On February 27, 2004, the New Jersey Department of Treasury’s Division of Property Management and Construction (NJDPMC) signed a contract with ABJ Sprinkler Co., Inc. for the installation of fire suppression systems in the College’s academic facility for $1,409,000. This life/safety project consists of installing a fire suppression system in Buildings 30, 31 and 32, A through M-Wings. The Higher Education Capital Improvement Fund (HECIF) project is within the budget approved by the College’s Board of Trustees. Most installation work for this project will take place during the evening hours, except where scaffolding is required for installation, such as the A-Wing Lecture Hall and the I-Wing gymnasium.

Spillway Replacement Update

An application for this project was submitted to the Pinelands Commission on July 8, 2003. The Pinelands application for rehabilitation of the Lake Fred spillway and dam, which does not meet the minimum requirements of the Dam Safety Standards, remains under review by the Pineland’s Commission staff.

Upper and Lower K-Wing Renovation

The College sent a request for professional proposals to five firms for the renovations in upper and lower K-Wing. Martin Blumberg Architect, who submitted the lowest cost proposal, was assigned this project. The renovation includes the construction of a Development Office and Academic Affairs Office in the western and central section of Upper K-Wing, and the renovation of the existing Development Office and the Performing Arts Office in lower K-Wing. If code review approvals are obtained, this renovation will take place in July and August following the occupancy of the E/G-Wing Bridge. A budget will be established following a review of schematic drawings for costs by users for furnishings, telecommunications, and Plant Management construction costs. If the budget exceeds $100,000, Presidential and Board of Trustees’ Audit and Finance approvals will be requested.

Housing II Exterior Wall Remediation Update

The proposal for the purchase of approximately 820 windows was received and opened by the College on March 8, 2004. The College will receive bid proposals for the windows, replacement of dryvit walls, and masonry walls on March 30, 2004. Construction for this remediation project is targeted to begin in early May 2004. This construction project consists of replacing approximately .4 miles of exterior walls on three floors in Housing II and regrading of the adjacent site.
Academic Exterior Repairs and Replacement

Construction activities on this Higher Education Capital Improvement Fund (HECIF) project continued through the winter. The steel is erected for the B, F, H, J, & K Wings egress stair towers. These towers are scheduled for completion in July. The E/G Wing bridge steel has been erected, the concrete floor has been poured. The aluminum curtain wall framing, glazing, and HVAC ductwork have been installed, and the interior studs for the walls constructed. Completion of the 16 faculty offices is scheduled for the end of June. New exterior light fixtures have been installed in the J/K-Wing courtyard. The C/D-Wing connector's aluminum curtain wall and stair risers have been installed. Faulty glazing has been replaced throughout the campus. Patching and replacement of the deteriorating exterior porcelain enamel panels is ongoing.

F-Wing Extension and Renovation Update

The New Jersey Division of Property Management and Construction (NJDPMC) signed a renegotiated professional service amendment with Geddes, Brecher, Qualls, Cunningham (GBQC) on March 4, 2004 for F-Wing Extension and Renovation. A preliminary schematic design has begun for a 29,000 square foot extension of F-Wing. This facility will primarily consist of electronic classrooms, a computer laboratory, and faculty offices.

Housing I HVAC Update

PLANT MANAGEMENT

300,000 Gallon Storage Tank Repairs

The replacement of the exterior coating system on the College's potable water/fire suppression tank has been completed. CHARLES JACKSON, Painter Crew Supervisor, took the lead in contract administration after receiving assistance with the bidding and specifications writing process from MARK ZORZI, Professional Services Specialist, Purchasing Department.

Applying the coating system during the winter months to eliminate condensation due to high humidity worked extremely well. The decision to paint without draining the tank saved thousands of dollars and considerable time.

The $55,000 project was completed on time and under budget without the use of professional consultants. Close scrutiny from the Department of Environmental Protection was used to protect the environment and the health of all employees from lead poisoning.
Merger

The Plant Management/Housing Maintenance merger has commenced at the direction of RICHARD HALE, Vice President of Administration, Finance and Institutional Advancement and JOSEPH MARCHETTI, Vice President for Student Affairs. A thirty-day notice was given to all affected employees in a question and answer session held on March 5, 2004 in the Lakeside Center.

Coordination of the merger has been undertaken by NATALIE HAVRAN, Director of College Personnel Services, ELAINE GRANT, Director of Housing and Residential Life, and KEN JOHNSON, Director of Plant Management.

Possible benefits are the reduction of maintenance vehicles needed, elimination of the need for additional Central Stores space, elimination of the need for Safety and Security space, reduced purchase of maintenance equipment and materials, and elimination of certain positions.

Press Box

In an effort to support Athletic Department programming, Plant has completed the renovation of the existing soccer field press box. Retrofit glazing, additional counter space and communications capabilities were added.

The press box was the latest in an extensive and ongoing athletic improvement project that commenced in 2002. These improvements have been undertaken to protect the limited resources of the College and expedite the work by using in-house labor and the College's annual permit.
The Stockton Performing Arts Center has again been designated by the New Jersey State Council on the Arts as a Major Presenting Organization in the state. This is the seventh consecutive year that the PAC has been recognized by the New Jersey State Council on the Arts for maintaining a solid history of artistic excellence, substantial programming, and broad public service. This high honor was bestowed by a panel process and means that the Stockton Performing Arts Center stands among a group of organizations across the state which comprise anchor institutions that contribute vitally to the quality of life in New Jersey.

Michael Cool, Executive Director of the Stockton Performing Arts Center, along with Marketing Director, Charles Lounsberry, attended the presentation ceremony in Trenton at the State House, on Tuesday February 24, 2004.

In addition the New Jersey State Assembly honored the Stockton Performing Arts Center with a commendation for its leadership role in the arts.

The certificate reads as follows;

State House, Trenton, New Jersey, Commendation by Assemblyman GREENWALD, WHEREAS, the citizenry of the 6th Legislative District, through their elected representatives, congratulate and honor this organization for its dedication to protecting and preserving the arts throughout the state of New Jersey; and WHEREAS, Stockton Performing Arts Center has brought honor and pride to the community in its support and cultivation of the arts; therefore, Be It Known To All That The Undersigned Hereby Honor Stockton Performing Arts Center as one of the stellar arts organization and extend to Stockton Performing Arts Center best wishes for a successful and prosperous future.

STUDENT AFFAIRS

OFFICE OF ALCOHOL/DRUG PREVENTION

The Office of Alcohol/Drug Prevention hosted Lynne Stennet of Seabrook House on February 17, 2004, to provide an overview of its services to the staff of the Wellness Center. Seabrook House sponsored a luncheon for the participants. Seabrook House, located in Cumberland County, is considered to be one of the top-100 alcohol/drug inpatient treatment centers in the nation.

OFFICE OF ATHLETICS AND RECREATION

The Stockton men’s basketball team, coached by GERRY MATTHEWS, Head Men’s Basketball Coach, finished the 2003-04 season with a 16-12 overall record. The Ospreys finished third in the New Jersey Athletic Conference Gold Division with a 7-6 league record and were eliminated from the NJAC Tournament with a 72-64 loss to The College of New Jersey. Stockton received an invitation to the ECAC Metro Championship and defeated Mount St. Mary College (New York) in the first round before being eliminated by New York University in the semifinals.

The Stockton women’s basketball team, coached by JOE FUSSNER, Head Women’s Basketball Coach, finished the 2003-04 season with a 12-14 overall record. The Ospreys finished third in the NJAC Gold Division with an 8-5 league record. Stockton qualified for the NJAC Tournament for the fifth consecutive year and was eliminated in the first round with a 59-58 loss to William Paterson University.

The Stockton men’s indoor track and field team, coached by BILL PRESTON, Coordinator of Cross Country/Track and Field Operations, and the Stockton women’s track and field team, coached by TODD CURLL, competed in five meets during the 2003-04 season. The Osprey women’s team placed third and the men’s team finished sixth at the NJAC Championships on February 22.

Senior Christina Mason was selected to the Academic All-District II College Division Women’s Basketball Third Team by the College Sports Information Directors of America (CoSIDA). Mason was one of 15 players chosen from a ballot of 85 candidates representing NCAA Division II and Division III schools. District II consists of institutions in the states of Delaware, Maryland, New Jersey, Pennsylvania and West Virginia, plus the District of Columbia. Mason was nominated for the honor by CHRIS ROLLMAN, Coordinator of Sports Information and Marketing.
Christina Mason was named to the NJAC Women’s Basketball All-Conference First Team and junior Brian Hiltner was named to the NJAC Men’s Basketball All-Conference First Team.

Brian Hiltner was named the New Jersey Athletic Conference Men’s Basketball Player of the Week on January 19.

Junior Jeanna Morton, sophomores Michelle Britton and Laura Schules and freshman Andrea Burroughs of the Stockton field hockey team were selected to the National Field Hockey Coaches Association (NFHCA) National Academic Squad. Candidates needed a minimum 3.30 cumulative grade point average to be eligible.

Senior Kim Marino was named the Outstanding Female Field Athlete at the NJAC Indoor Track and Field Championships on February 22.

The following student-athletes qualified for the NJAC All-Conference Team in indoor track and field based on their performance at the NJAC Championships (first place = first team, second place = second team, third place = honorable mention): Kim Marino (First Team; pole vault), Jessica Caccamo (First Team; shot put and weight throw), Tiffany Masuhr (Second Team; weight throw), Justine Fugowski (Second Team; pole vault), Jake Owens (Second Team; pole vault), Mitchell Sye (Third Team; shot put), Andrew O’Connor (Third Team; pole vault), Heather Bennett (Third Team; 4x400 relay), Elizabeth Phommathep (Third Team, 4x400 relay), Shannon Jones (Third Team; 4x400 relay), Lisa Chapman (Third Team; 4x400 relay), Danielle Kleppan (Third Team; 4x800 relay and distance medley), Kristin Altheausen (Third Team; 4x800 relay and distance medley), Jill Burke (Third Team; 4x800 relay and distance medley), Emma Wilson (Third Team; 4x800 relay and distance medley).

JON HECK, Coordinator of Athletic Training, coordinated the New Jersey Association of Orthopaedic Technologists (NAOT) Winter Sports Medicine Conference at Stockton on February 7. The eight-hour conference drew 35 sports medicine professionals and featured lectures from three physicians. The conference also attracted exhibitors from NovaCare Rehabilitation, Shore Radiology, Ethicon, DePuy/Johnson & Johnson, Donjoy and Galloway Physical Therapy. The conference also was approved to offer continuing education units.

Bill Preston and Todd Curll hosted a pole vault clinic at the Sports Center in January that involved students from 15 high schools. Curll also taught a pole vault safety class in Holmdel, NJ, for the New Jersey State Interscholastic Athletic Association (NJSIAA).

The Stockton softball team, coached by VAL JULIEN, Evening and Weekend Athletics Coordinator, participated in the Read Across America Program by reading Dr. Seuss books to children at Ocean Acres Elementary School in Manahawkin, New Jersey, on March 2.
Val Julien, Todd Curl, Chris Rollman, and Marykate Madden, Head Field Hockey Coach, coordinated a celebration of National Girls and Women in Sports Day on February 4. Eight female youth teams totaling more than 160 athletes attended the women’s basketball game against Rowan University at the Sports Center and took part in a “parade of athletes” along with female student-athletes from Stockton.

G. Larry James, Dean of Athletics and Recreational Programs and Services, and Lonnie Folks, Director of Athletic Operations, have been selected to serve as facilitators at the NCAA Division III Student-Athlete Regional Leadership Conferences for the Mid-Atlantic region in October, 2004, and the Midwest region in January, 2005.

OFFICE OF CAREER SERVICES

The Office of Career Services hosted its annual Spring Career and Internship Fair which was held in the I-Wing Gymnasium on Thursday, February 26, 2004. Sixty-nine employers representing the business, government and non-profit sectors participated, and 770 students attended. Walter L. Tarver III, Assistant Director of Career Services, coordinated this event.

The Office of Career Services hosted “The Secrets of Dressing for Success” workshop on February 10. Sixty-students attended the workshop, which was presented by representatives of Petite Sophisticate and Men’s Warehouse. Cora Perone, Assistant Director of Career Services, coordinated this event.

OFFICE OF THE COLLEGE CENTER

Gloria Maestas, Lamott Moore, Craig Stambaugh and Laurie Griscom (Event Services), along with several students, made site visits to several college and university student centers during February and March. The purpose of the site visits was to tour recently constructed or renovated student centers and gather information from staff and students. These site visits included Easttown College, University of Maryland (Baltimore County) and William Paterson University.

Gloria Maestas, Coordinator N-Wing College Center/Events Management, is completing a 10-week course at Cumberland County Technical Education Center titled Basic CAD. Skills obtained through this course will assist in more efficiently and accurately diagramming major events.

FREE TO BE CHILD CARE CENTER

Barbara Reynolds, Head Teacher of Free To Be, attended the National Coalition for Campus Child Care Conference in Seattle, Washington, March 2-5. The conference addressed current issues facing young children, families and campus child-care centers,
while offering excellent networking opportunities. Ms. Reynolds was also able to attend a pre-conference workshop entitled “The Visionary Director.” This workshop was presented by Margie Carter and Deb Curtis, both nationally recognized leaders in the field.

OFFICE OF FINANCIAL AID

The Office of Financial Aid has received information from the United States Department of Education regarding fiscal-year 2002 draft Cohort Default Rate for student loans. We are pleased to announce that our rate is 2.6.

OFFICE OF HOUSING AND RESIDENTIAL LIFE

ELAINE GRANT, Director of Housing and Residential Life, and CELESTE STEINBERG, Complex Director, attended the New Jersey Committee of Residence Educators (NJ CORE) on February 27, 2004, at Ramapo College. Celeste Steinberg presented a session on Selling Yourself and Your Job: Interviewing Skills. Elaine Grant attended the state directors’ meeting.

Celeste Steinberg performed with the New Jersey Eastern Wind Symphony on February 15, 2004 at The College of New Jersey. Ms. Steinberg plays the bass clarinet.

Celeste Steinberg worked on the Committee for Women’s History Month at Stockton and presented several programs.

PEDRO SANTANA, Associate Director of Housing and Residential Life, in conjunction with ADAM NOWALSKY, implemented a new online housing selection process.

STACEY MCINTOSH, Assistant Director of Housing and Residential Life, organized the staff selection process for the Community Advisors and Assistant Community Advisors.

The Office of Housing and Residential Life, in collaboration with The Office of Computer Services, has made significant strides toward improving the many housing processes through the development of the web-based HousingNet system and the recent launch of the Online Housing Renewal Process. The tireless efforts and insights of James McCarthy, Parthiban Paramanathan, Robert Heinrich, Adam Nowalsky and student Matt Juszczak made this possible.

Additional “Snapshots” from

OFFICE OF THE SOUTHERN REGIONAL INSTITUTE (SRI) AND ETTC

The administrative offices of the Southern Regional Institute (SRI) and ETTC were relocated in February to the college’s Mays Landing facility at 701 Route 50 with a minimal disruption in services. Access to the ETTC’s website and database were available within a few hours of the move. Instructional areas should be operational by mid-April.

MS. PATTY WEEKS, Director of the ETTC, and MS. DINA ABBAMONDI, Assistant Director of the ETTC, organized more than 150 programs between February and March 2004 through contractual services and open calendar workshops. Significant programming was provided during county in-service days on February 13 and on March 26, thirty-two individual workshops were provided to the Vineland School District.

The increased volume is further demonstrated when comparing the Final 2002-03 ETTC Hour Utilization figures to the current year through March 2004. In this regard, approximately 10,000 ETTC hours have been used by member organizations through the first three quarters of the fiscal year, and this reflects 97% of the final total used last year.

DR. HARVEY KESSELMAN, CEO for the SRI/ETTC has conducted several programs for school administrators during the last month. Three web-based applications were introduced to Atlantic County Superintendents during “Accessing the Data” hosted by the Folsom School District. Administrators learned how to access disaggregated data regarding their districts from websites and were provided with ideas to disseminate the information to the public.

On February 24, Dr. Kesselman presented “Standardized Testing Result Analysis for Improved Student Performance” to more than twenty Ocean County School District teams of educators in Lacey Township. The workshop explored the impact of NCLB legislation on student testing and provided opportunities to analyze individual district scores and develop teaching strategies to address standardized testing. Dr. Kesselman offered a similar program to administrators in Orange, New Jersey on March 24.

Ms. Abbamondi coordinated “Assistive Technology Resources for Parents and Educators” at the Hess School in Hamilton Township. The evening program provided presentations and opportunities to review various assistive technology products and
support services in the State of New Jersey. Nearly 100 educators and parents attended this event.

A one-day conference held on March 26 at the Townsend Residential Life Center entitled "Why Study Black Studies: The Status of the Discipline in the State of New Jersey" attracted 125 educators from both college and K-12 faculties. Conference Director, DR. PAT REID-MERRITT, Professor of Social Work at Stockton College, led participants through a series of discussions with academic leaders from across the state that focused on how local educators and students can integrate the history and culture of African Americans into school curricula.

The Fifth Annual Conference on Bilingual/ESL Special Education was held at Stockton College on March 30, 2004. A panel of national leaders shared their expertise on current issues in the field of bilingual and ESL education with 150 educators in the A-Wing Lecture Hall. Panelists included representatives from the National Institute of Child Health and Human Development, and the Office of Special Educational and Rehabilitative Services, US Department of Education. MR. ALEX MARINO, Director of Carnegie Library Center Operations, facilitated the event on behalf of the SRI.

The Fourth Annual "From My Classroom to Yours" Conference will be held at Stockton College on May 10, 2004. This yearly program hosted by the SRI/ETTC attracts 400 educators from across the state. The day-long conference includes 64 individual workshops, a keynote presentation and a vendor fair.

RESOLUTION

FY04 BID WAIVER

WHEREAS, P.L. 1986, C.42 and C.43 (The State College Autonomy Law and the State College Contracts Law) authorize college Boards of Trustees to take necessary actions for effective fiscal and operational management of the state colleges, and

WHEREAS, the Board of Higher Education approved on November 21, 1986 Purchasing Policies and Procedures, as enacted by the Stockton Board of Trustees on October 15, 1986, to implement the above statutes, and

WHEREAS, these Policies and Procedures specify in 2.1-2, # 1, that public bidding procedures may be waived for: contracts related to student activity fees or student funds not under direct control of the college; now, therefore, be it

RESOLVED that the Board of Trustees of The Richard Stockton College of New Jersey authorizes the Vice President for Administration, Finance, and Institutional Advancement to enter into contracts with the vendors indicated on the attached list, under the bid waiver provisions of the State College Contracts Law.

April 14, 2004
The College recommends the adoption of a bid waiver to extend for one (1) year the contract with the Atlantic City Medical Center (ACMC) to provide on-campus health services to the college for the period May 2, 2004 through May 1, 2005.

Under this waiver, ACMC will continue to provide on-campus health services to students, including the provision of physicals for certain college activities, urgent care services, allergy shots and tuberculosis screening activities. ACMC will provide a physician and two nurses, a nurse practitioner, and a nutritionist, for a combined total of 4,582.5 hours during the contract period. Additionally, ACMC professional staff and employees will continue to serve on various projects and to participate in educational programs aimed at supporting the college’s immunization and student health, wellness and safety initiatives.

The funds for this contract will be supported through the $3.00 per credit Health Services Fee assessed to all students and paid through the Student Activity Fund. (Reference: Procedure 2.1-2[1]).

## Rental Rates for Summer Term 2004:
Rates are calculated by increasing proportionately last year's summer daily rate to be consistent with the average housing rent increase for FY03 (i.e., from $23.00 per day to $25.00 per day). The actual summer rates will be calculated by multiplying $25.00 by the number of days that a student will occupy housing. Rental amounts will be rounded to the nearest dollar.

### Initial Housing Security Deposit: $150.00

### Renewal Housing Application Fee: $50.00$^2$

## Telephone Rates for FY05:
- Installation: No charge
- Monthly Line Charge: No charge
- Special Features (voice mail): No charge
- On-campus Calling: No charge
- Internet Installation: No charge$^*$
- Local Calling: 3.9¢/minute
- All Other Continental US: 9.9¢/minute
- International/Other: As invoiced

$^*$Students may be required to purchase a special computer card. There is no labor charge for installation.

---

1. The Option III schedules are for display purposes only and assume that the first payment is made in July and there are no adjustments for financial aid. If the initial payment is made in July, 25% of the semester total is due at that time with the balance divided equally among the next four payments. If the first payment is made at In-person Registration in September, 50% of the semester total is due at that time and the remaining amounts and numbers of payments are adjusted accordingly. Actual due dates are determined for each student at the time of the initial payment.

2. A non-refundable fee for renewal applications.

THE RICHARD STOCKTON COLLEGE OF NEW JERSEY
BOARD OF TRUSTEES
RESOLUTION
APPROVAL OF A CAPITAL CONSTRUCTION PROJECT:
CAMPUS HVAC IMPROVEMENTS

WHEREAS, the Board of Trustees of The Richard Stockton College of New Jersey has the responsibility for general financial oversight of the College, including the adoption of the capital construction and procurement policies for the campus, and

WHEREAS, at the April 12, 2000 meeting, the Board adopted an approval policy for capital construction projects that calls for consultant costs of $200,000 or construction costs in excess of $750,000 to receive Board of Trustees approval, and

WHEREAS, the Campus HVAC Improvements, as described in the attachment meets the criteria for Board of Trustees approval; and

WHEREAS, the Audit and Finance Committee has reviewed the Campus HVAC Improvements and recommends its approval by the Board of Trustees, now therefore, be it;

RESOLVED, that the Board of Trustees of The Richard Stockton College of New Jersey authorizes the College to undertake the Campus HVAC Improvements, as described in the attachment and be it further

RESOLVED, that, consistent with the College's approval policy for capital construction projects, the Board authorizes the President, or his designee, the Vice President for Administration, Finance and Institutional Advancement, to enter into contracts or other agreements on behalf of the College to complete this project.

April 14, 2004
Project Name: Campus HVAC Improvements

Estimated Total Project Cost: $2,053,000

Project Budget:
Design $221,000
Management $120,000
Construction $1,495,000
Furniture/Fixtures & Equipment
Other Costs $30,000
Subtotal $1,866,000
10% Contingency $187,000

Total Project Cost: $2,053,000

Sources of Revenue:
This project is funded through the Higher Education Capital Improvement (HECIF) Bond which was sold in November 2001. The College is obligated for approximately one third of the annual debt payment.

Project Description:
This project, which consists of miscellaneous HVAC replacements and improvements, has been expanded to install a main campus chill water loop and a cooling tower at the geothermal well fields. The loop will tie into existing underutilized chillers in the Sports Center and K-Wing, which were installed to provide cooling during maximum occupancy in the Sports Center and the Performing Arts Center, and to provide cooling for F-Wing. The cooling tower is required to balance temperatures of the existing geothermal well field where temperatures have incrementally increased annually due to greater demand for cooling than heating in the academic facilities. Also, this tower will be utilized to inexpensively make chilled water during mid-winter for the future aquifer storage system, which will provide chilled water to the loop without chillers.

Estimated Start Date: October 2001
Estimated Completion Date: August 2005

Other Comments:
This project was approved by the Board of Trustees in June 2001 for $1,612,000. The additional $441,000 for this project is transferred from the Academic Exterior Repairs Project which came in more than $2 million under budget. The College obtained approval from the Commission of Higher Education on September 26, 2003 to transfer the $441,000 to the Campus HVAC Improvements Project.

RESOLVED, that the Board of Trustees of The Richard Stockton College of New Jersey authorizes the College to undertake the Housing I HVAC Replacement, as described in the attachment and be it further

RESOLVED, that, consistent with the College’s approval policy for capital construction projects, the Board authorizes the President, or his designee, the Vice President for Administration, Finance and Institutional Advancement, to enter into contracts or other agreements on behalf of the College to complete this project.

April 14, 2004
### Project Name: Housing I HVAC Replacement

| Estimated Total Project Cost: | $1,516,000 |

**Project Budget:**
- **Design:** $130,000
- **Management:** $91,200
- **Construction:** $1,140,000
- **Furniture/Fixtures & Equipment:** $17,000
- **Other Costs:**
  - **Subtotal:** $1,378,200
  - **10% Contingency:** $137,800

**Total Project Cost:** $1,516,000

### Sources of Revenue:
The College's Capital Higher Education Capital Improvement Fund's (HECIF) application for funding this project through HECIF bonds was approved by the Commission of Higher Education on September 26, 2003. Funding will be available for this project upon the sale of bonds by the New Jersey Educational Facilities Authority (NJEDA). The College will be responsible for repayment of approximately one third of the bond debt.

### Project Description:
This project includes the design for the replacement of 256 thirty-two year old gas heaters, 123 hot water heaters and 256 air conditioning coils and line sets in the 16 Housing I buildings (A through H Courts). It will also improve ventilation to meet current building codes. It is the intent of this project to replace the 256 gas fired heaters during the summer of 2004. The remainder of the project will be completed during the summer of 2005.

**Estimated Start Date:** October 2003
**Estimated Completion Date:** August 2005

### Other Comments:
In June 2003, the College's Board of Trustees Audit and Finance Committee approved $193,000 for this project to initiate the development of a New Jersey Department of Property Management and Construction (NJDPMC) “Request for Proposal” (RFP). This amount is included in the estimated total project budget.

SUBJECT: BOARD OF TRUSTEES MATERIALS

March 11, 2004

I request that the following information be included in the Board of Trustees materials for April 14, 2004.

The Stockton Board of Trustees Fellowships for Distinguished Students program has awarded four $1000 fellowships to Stockton students for projects of a research and/or creative nature. This program is in its eighteenth year and is an important part of the College’s year-round emphasis on academic excellence and the fostering of effective partnerships between students, faculty, and the community.

Members of the selection committee included:

- Faculty: Doug Lessie
- Staff: Eileen Conran, Debbi Dagavarian, Claire Lopatto, Nancy Messina, John Smith
- Students: Christopher Borino, Elizabeth Hoens, Chintan Mehta
- Board of Trustees-Student Representative: Silpa Movva

Recipients for the Summer break/Fall semester funding period are:

- **Laura Birchler**, a senior Literature major, a $1000 fellowship to create a series of short stories involving objectivity versus subjectivity in the construction of identity.

- **Debra Franzese**, a junior Political Science major, a $1000 fellowship to explore the development of sexual harassment law under Title IX of the Education Amendments of 1972 by looking at recent opinions from the U.S. Supreme court.

- **Alicia Guarracino**, a senior Literature major, a $1000 fellowship to create a collection of poems focusing on her grandmother and their relationship.

- **Nancy Price**, a senior Biology and Geology major, a $1000 fellowship to determine if calcium oxalate crystals found in plants play a defensive role against herbivores.

Thank you for your assistance. Please contact me if you require any additional information.
