OTHER PROFESSIONAL ACTIVITIES

Michael Busler, Associate Professor of Business Studies, was appointed as a Fellow for The William Hughes Center for Public Policy.

Dean Colijn, Dean of General Studies, was appointed to the NYU Faculty Resource Network's Planning committee for the winter 2010 seminars on "greening the curriculum" at Chaminade University, HI.

HARVEY KESSELMAN, Dean of Education, represented the senior public colleges and universities on Governor Corzine's Task Force to "Improve the NJ STARS Program." The Task Force included three members of the NJ Senate, three members of the NJ Assembly, and six representatives chosen by their respective higher education sectors. The Task Force developed several recommendations that were approved by the NJ Senate and Assembly, and then signed into law by Governor Corzine. 19 Dec 2008.

Dean Kesselman met with members of the Blue Ribbon Schools of Excellence in Myrtle Beach, SC to develop a Memorandum of Understanding that will designate Stockton's School of Education and the SRI-ETTC as the mid-Atlantic region's College and University Professional Development Provider for aspiring Blue Ribbon schools. Six institutions were identified by the Blue Ribbon Schools to launch this new initiative based upon their reputations for providing first-rate professional development to pre K-12 schools.

Dean Kesselman and **RACHEL MARTIN**, Associate Professor of Education, met throughout the fall semester with Jane Rutkoff, Executive Director of the New Jersey Council for the Humanities, to establish a Teacher's Institute at Stockton during the summer session. The discussions have proven fruitful in that Stockton will host a month long series of week long summer seminars on a variety of topics for preK-12 teachers. This residential program will host between 25-30 teachers per week during the month of July. Historically, the program has been hosted by Monmouth University.

Professor Nichols, Associate Professor of History, was elected to a second three-year term as an Executive Committee member of the American Institute of Afghanistan Studies. Nov 2008.

SURYA KUMAR SHAH, Associate Professor of Occupational Therapy, is on the Editorial staff and is a Reviewer for these Journals: Physical and Occupational Therapy in Geriatrics, International Journal of Therapy and Rehabilitation, and Hong Kong Journal of Occupational Therapy.

DIVISION OF ADMINISTRATION AND FINANCE

OFFICE OF THE VICE PRESIDENT

In July 2008 the Board approved the formation of Stockton Affiliated Services, Inc., a 501 c (3) auxiliary corporation for the purpose of supporting the teaching and learning mission of the College. Under the Memorandum of Understanding between the College and SASI, SASI is to assist the College through managing auxiliary services, grants administration, land development, and through partnerships with the College and wider community. The following projects are now under way:

Acquisition of five (5) residential dwellings in proximity to the College for occupancy by faculty, staff and graduate students. The first residence is now ready for occupancy and is actively being shown for lease to the college community.

Requests for Proposals were sent out for the bookstore, and food service vendors willing to make a capital commitment for fit-out of space under long term leases and operating agreements. Responses are in for the Bookstore, and Dining Services are due by the end of February.

Undertaking the management of auxiliary services, including transportation, through a master management agreement with the College to provide for the negotiation of long term contracts with vendors that are capable of providing more efficient service to the students, faculty and staff. An example is a new pilot shuttle service to the train station that is being introduced this semester, and a community shuttle service is being introduced in the Fall.

Future projects include snack and beverage vending, development of an office/classroom building on Jimmie Leeds Road; and accounting assistance with some grant funded projects.

FACILITIES PLANNING AND CONSTRUCTION

Campus Center

Construction for the Campus Center has been divided into two (2) phases in order to establish a more orderly and efficient schedule. The phases include the following:

Phase I Site Development:

This completed phase of the project encompassed the preparation of the site for the footprint of the new building and staging areas. Additionally, this phase included the construction of a new Chemical Storage area.

Phase II:

This phase of the project will encompass the actual construction of the building. Construction for this phase will commence February/March 2009.

L-Wing Adaptive Reuse

The College hired an A/E to design the adaptive reuse/renovation of the L-Wing swimming pool area into academic and administrative space along with an art gallery. This project is currently in the concept design phase.

Unified Science Center

A determination has been made to divide the project into two or three phases of development and implementation. An architect has been retained and is working through programmatic issues with the College.

Athletic Fields at Pomona Road

Construction documents and specifications for this project are complete. Pinelands Commission is currently reviewing the design of the project's stormwater management system. Bidding for construction is anticipated to take place during the first quarter of 2009.

C/D-Wing Courtyard Renovations

The renovation of the underutilized C/D-Wing courtyard will transform this area into a program support space. This project is proceeding to the concept phase of design.

Nacote Creek Rehabilitation

The project includes the demolition and reconstruction of Building #501 greenhouse and Building #503 prep/storage. A new septic field, potable water well, HVAC improvements and miscellaneous exterior repairs are also included. Construction is underway and scheduled to be completed by summer 2009.

Signalized Intersection (Traffic Light)

An engineer has been retained and has submitted a design for a new traffic signal at the intersection of Jimmie Leeds Road, and Vera King Farris Drive at the main academic entrance of the campus. The design includes technical design services for the planning and specification development to reconstruct the intersection and also the installation of a traffic signal and required right-of-way acquisitions, if required. Additionally, the design includes roadway widening, utility coordination, geometric revisions, drainage improvements, signage, resurfacing the intersection and the required environmental permits. This traffic signal will abate increasingly serious life/safety issues that currently exist at this intersection. Discussion and presentations with Atlantic County and Galloway Township have taken place.

Off -Campus Single-Family Housing (SASI)

The construction of the first of five houses is complete. The foundation, block work and framing have been completed for the first two-story house located on Vine Street. Framing and block work for the second 2-story home located on Orange Tree Street is nearing completion. The first of the five completed homes was available for occupancy during January 2009.

Parking Lot #7 Photovoltaic

Permits have been approved for this project and demolition has been completed. Piers for the parking carport structures have begun to be installed. This project is expected to be completed in spring 2009.

Sports Center Photovoltaic

This project is structured as a public/private partnership. The Independent Power Producer (IPP) has built, installed, owns, operates and maintains a photovoltaic (solar) array on the Sports Center roof. The College will purchase the electricity from the IPP at a predetermined long-term contractual price. The photovoltaic portion of the project is complete. Additionally, the contractor will retrofit the Sports Center arena lighting with energy efficient lighting thus improving light levels and saving energy. The lighting portion of the project is expected to take place during the winter months. This system will be 318 kW in size and produce approximately 390,000 kWh per year.

College Walk Reconstruction

The College will short-list term contract architects under a design competition to propose upgrades to this area. The selected architects will produce several designs for the College's approval.

Alton Auditorium Renovations

The construction portion of this project is now complete and the facility has been occupied and is in use.

Buildings 30, 31 & 32 HVAC Rooftop Units Replacement

This project consisted of the replacement of all rooftop HVAC units on Buildings 30, 31 & 32. All rooftop units have been replaced, as well as the replacement of the 18 geothermal heat pumps. The heat pumps were tied into the new geothermal lines connecting into the Gateway Building. Additionally, the project entailed the replacement of valves for the chilled water lines feeding F-Wing. This project was completed in January and has proceeded to the close-out phase.

Campus Reforestation

Reforestation has commenced and will be completed during spring 2009. To date, 829 trees have been planted. In addition, trees were planted around the Housing V dormitories. Coordination between Plant Management and Facilities Planning & Construction continues to take place regarding types and times of planting, as well as coordination with the contractor regarding maintenance of the plantings.

Computer Center HVAC Rooftop Units Replacement

This project consisted of the demolition of the existing Computer Room air-conditioning unit and the roof-mounted condensing fan unit, as well as the installation of two (2) new Computer Room air-conditioning units, roof-mounted condensing units, one (1) energy recovery unit and all related accessories. The project is complete and in use.

50 West Jimmie Leeds Road (SASI)

Demolition of the house on the property took place in January.

Free-To-Be Playground Equipment Upgrade

In addition to a playground equipment replacement, the playground was brought into compliance under the Playground Safety Subcode. Additionally, a new roof, siding on the front portion of the facility, grading and a porch were completed. Installation of a rubberized surface under the new playground equipment, new sod, landscaping and a new irrigation system were also included in this project which is now complete and in use.

Holocaust Resource Center Addition & Graduate Suite Renovation

Construction of this project was completed on schedule and is currently in use.

New Jersey Trails Grant (Bicycle Way-Finding Signage)

This project consists of exterior trail signage to identify a 4-mile intra-campus loop which will provide multi recreational use for the campus community and its visitors. This project is in the sign fabrication stage.

Traffic Signal Timing on Jimmie Leeds Road

Engineering services have been retained to provide a traffic study to determine the best traffic signal coordination for Jimmie Leeds Road between Chris Gaupp Road and the Garden State Parkway intersection. The traffic signal timing adjustment would maximize gaps on Jimmie Leeds Road allowing safe maneuvering from side streets onto Jimmie Leeds Road. Atlantic

County is assessing the proposed adjustments and will implement during the first quarter of 2009.

PLANT MANAGEMENT AND HOUSING MAINTENANCE

The Department of Plant Management and Housing Maintenance continues to support daily maintenance operations, supports numerous events including student, athletic and community based programs, initiates and manages campus-wide renewal and renovation projects and schedules and maintains regulatory compliance for the College.

The Council of Deans supports the recommendation of the R&PD committee for the sabbatical request of Nora Palugod for the Spring 2010 semester. Professor Palugod's sabbatical application was supported by the Committee at its November 25, 2008 meeting. The council of Dean returned the request to the Committee for further discussion and clarification.

The R&PD committee submitted the requested information and the request was approved by the Council of Deans on January 13, 2009.

SUBJECT: Sabbatical Recommendation for Prof. Nora Palugod

I received your letter on the sabbatical recommendations and concerns shared by you and the Deans' council on Prof. Palugod's sabbatical application. The R&PD committee met on December 16 for discussion and after careful consideration of your questions and concerns, the committee members voted to request clarification from Prof. Palugod on key issues.

The committee members did share the view of the Deans in that Prof. Palugod's sabbatical project was overly ambitious, proposing to accomplish a vast amount of work in a short timeframe. Hence the committee recommended that she address that concern by scaling back on her proposed work so as to give more focus, clarity and depth to her proposed project. Furthermore, the Committee reiterated some caution based on Prof. Palugod's scholarly productivity, but in the context of other sabbatical applications that have received College support, concluded that Prof. Palugod's intentions and the detail of planning for the visiting professor status were deserving of support.

I have met with Prof. Palugod, shared concerns about her sabbatical and her response is attached. Since these concerns were addressed by Prof. Palugod, the R&PD committee voted unanimously to support and recommend Prof. Palugod's sabbatical application as revised.

Please contact me if you have any further questions.

SUBJECT : Clarification of Questions and Concerns Re: Sabbatical Spring 2010
DATE : December 18, 2008

To clarify questions and concerns from the review of my sabbatical application, please consider the following:

1. The case studies will be small and very focused and when complete, each will provide material for discussions during 2-3 days of coursework. These studies will profile specific information about the companies and will be integrated into courses to encourage student discussion. For developing the case studies only, research assistants from the host institution will help gather and summarize the data in fall 2009 to prepare for my project. They will be supervised by a collaborator from the host institution who will also assist in data preparation for the case studies in fall 2009.

My work as a graduate assistant at the Pew Project (grant to the University of Pittsburgh) while I was doing my Ph.D. prepared me to write case studies. The Pew Project was sponsored by a grant to the University of Pittsburgh to support case teaching method.

2. In addition to these small case studies, I will write two in-depth research papers instead of three. I have already completed the literature review and will be well-prepared by the time my "visiting professor" arrangement will begin. I expect that the interviews (which will be arranged in advance) will enrich these articles with real-world comments.

3. To appropriately address the concerns of the Deans' Council, I have modified the timeline as reflected below:

Timeline and Outcomes

Develop Survey Questionnaire	Summer 2009
Data Collection/Questionnaire	Fall 2009
Conduct Interviews: Management and Employees	Spring 2010
Write Paper and Case Studies	Spring 2010
Presentation to Conferences/Meetings: Philippines	Spring 2010
Prepare Papers for Submission to Conferences	Summer 2010 *
Prepare and Submit Papers to Refereed Journals	Fall 2010
Adopt Case Studies for Classes	Fall 2010
Schedule Study Abroad Course	Spring 2011

4. As stated in the project outcomes in my proposal, I plan to publish the results of my research. Part of the requirement of my "visiting professor" invitation is to present the results in the Philippines and other conferences to be arranged by the College of Business Administration, University of the Philippines. I will also present the results in professional conferences in the US as well as submit the research papers to refereed journals as mentioned in my proposal.

I am energized by our AACSB accreditation application and look forward to productive academic research activities in the coming years.

BOARD OF TRUSTEES

RESOLUTION

AUTHORIZATION TO PARTICIPATE IN DIRECT LOAN PROGRAM

- WHEREAS,** problems in administration of Federal Stafford Loans through the Federal Family Education Loan Program (FFELP) have resulted in delays in receipt of loan funds by students; and
- WHEREAS,** problems in the credit markets have had an impact on the willingness of some banks to participate in FFELP; and
- WHEREAS,** some students at the Richard Stockton College of New Jersey have experienced difficulty or delays in obtaining Stafford loans because of such problems; and
- WHEREAS,** student affairs personnel at the College have determined that these problems could be alleviated if the College participates in the William D. Ford Federal Direct Loan Program; and
- WHEREAS,** officials of the College have also determined that the College has the technological and personnel resources needed for successful participation in the Direct Loan Program; be it
- RESOLVED,** that the Board of Trustees endorses the decision of the College's President to take the necessary steps to participate in the William D. Ford Federal Direct Loan Program.

RESOLUTION

FY09 BID WAIVER

- WHEREAS,** P.L. 1986, C.42 and C.43 (The State College Autonomy Law and the State College Contracts Law) authorize college Boards of Trustees to take necessary actions for effective fiscal and operational management of the state colleges; and
- WHEREAS,** the Board of Higher Education approved on November 21, 1986, Purchasing Policies and Procedures, as enacted by the Stockton Board of Trustees on October 15, 1986, to implement the above statutes; and
- WHEREAS,** these Policies and Procedures specify in 2.1-2, #1, #3, #16, #17, that public bidding procedures may be waived for professional services; materials/supplies available through only one bidder; entertainment, including theatrical presentations; contracts related to student activity fees or student funds not under direct control of the college; now, therefore, be it
- RESOLVED,** that the Board of Trustees of The Richard Stockton College of New Jersey authorizes the Vice President for Administration and Finance to enter into a contract with the vendor indicated on the attached list, under the bid waiver provisions of the State College Contracts Law.

Vendor

FY09

Norman Chazin, M.D., L.L.C. (59002)

\$3,900

This bid waiver is an increase to the one previously approved by the Board. This will provide psychiatric services for students and direct supervision and consultation to staff. Additional hours are needed for Fall, Spring and Summer semesters. Lack of adequate psychiatric hours results in no hours for medication management, difficulty scheduling students for psychiatric exams, lack of supervision for staff and lack of available time to complete Administrative Case Reviews in a timely manner. (Reference: Procedures 2.1-2[1])

AtlantiCare Health Services, Inc. (59001)

\$53,892

This bid waiver is an increase to the one previously approved by the Board for \$317,822.24 in May 2008. This will provide on-campus health services to the College's students, including individuals participating in college sponsored supplemental programs, in the nature of physicals for certain college activities, urgent care, allergy shots and tuberculosis screening activities. The services of a nutritionist shall also be available. AtlantiCare Health Services is the only company in the immediate area that is able to complete the large scope of work necessary to running Stockton Health Services. (Reference: Procedures 2.1-2[1])

Paulus, Sokolowski & Sartor (PS&S) Architecture, Inc. (59057)

\$587,000

This bid waiver is for program and design phases of the L-Wing adaptive reuse of the existing swimming pool. Solicitation from three firms for qualifications and pricing was done, and it was determined that this firm best met the qualifications needed to perform the work on this specialty project. Specialty services required. Pending Treasury Approval. (Reference: Procedures 2.1-2[1])

Jack's Mannequin (Management Sanctuary Artist Management) (59058) \$47,500

This bid waiver is for the 2009 Student Spring Concert. The vendor is a sole source provider. Pending Treasury Approval. (Reference: Procedures 2.1-2[1,3,16,17])

RESOLUTION

AUTHORIZING THE PRESIDENT OR HIS DESIGNEE TO ACQUIRE REAL PROPERTY

- WHEREAS,** the Board authorized the College to lease Carnegie Library building in Atlantic City from the Casino Reinvestment Development Authority to support its academic mission; and
- WHEREAS,** The Casino Reinvestment Development Authority has, by resolution of its Board, agreed to transfer the Carnegie Library Building, and the adjacent Civil Rights Garden (together, the "Properties") to the College, for a nominal amount, provided the College continues its use of the Carnegie Library for educational purposes and maintains the Civil Rights Garden for benefit of the public; and
- WHEREAS,** the Board wishes to confirm the President's authority, adopted by resolution of the Board on September 10, 2008, to enter into the purchase contract and accept the transfer of the Properties by deed, subject to its terms and conditions; and
- WHEREAS,** the Board of Trustees has the authority to enter into contracts and Agreements for the purchase of land pursuant to N.J.S.A. 18A:64-6(k), now, therefore be it
- RESOLVED,** that the Board of Trustees confirms the authority of the President of the College or his designee to acquire the Properties and to execute all documents necessary related to the acquisition of the Properties.

RESOLUTION

USE AND SCHEDULING OF COLLEGE SPACE AND FACILITIES

- WHEREAS,** The Board of Trustees has determined that it is desirable to reaffirm and strengthen the College policy that shall govern the use and scheduling of College space and facilities; and
- WHEREAS,** after careful consideration and after discussion with the President of the College and Cabinet it is recommended that the Board of Trustees adopt the attached Restatement of the Board of Trustees Policy Concerning Use and Scheduling of College Space and Facilities; to replace in its entirety the existing policy, now therefore be it
- RESOLVED** that the attached Restatement of the Board of Trustees Policy Concerning Use and Scheduling Space and Facilities is hereby adopted for immediate implementation.

RESOLUTION

FLAT TUITION AND FEE RATES FOR UNDERGRADUATE STUDENTS

- WHEREAS,** in accordance with the provisions of N.J.S.A. 18A:64-6, the Board of Trustees has the responsibility for establishing tuition and fee rates for students enrolled at The Richard Stockton College of New Jersey; and
- WHEREAS,** the College charges tuition and fee rates on a per-credit basis rather than utilizing flat rates for full-time undergraduate students; and
- WHEREAS,** most colleges and universities, including all of the College's sister schools in New Jersey, utilize flat rates for tuition and fees for full-time undergraduate students; and
- WHEREAS,** flat rates for tuition and fees for undergraduate students have the effect of encouraging full-time students to enroll for more courses, which in turn results in shorter times to graduation; and
- WHEREAS,** encouraging students to complete their degree programs in a shorter period of time is an important policy objective for the College; therefore be it
- RESOLVED,** that the Board of Trustees amends the policy for tuition and credit-related fees for full-time undergraduate students, adopting a flat-rate system for such charges for such students; and be it further
- RESOLVED,** that the flat-rate system shall mean that all students taking between 12 and 20 credits per semester shall pay the same rates for tuition and fees; and be it further resolved
- RESOLVED,** that this policy shall be effective for the Fall Semester of 2009 and thereafter.

RESOLUTION

**RESOLUTION URGING THE NEW JERSEY PINELANDS COMMISSION TO
RECONSIDER PLANS THAT WOULD ADVERSELY IMPACT A FULL
INTERCHANGE OFF EXIT 44 ON THE GARDEN STATE PARKWAY (GSP)**

- WHEREAS,** the Board of Trustees of The Richard Stockton College of New Jersey has the responsibility for general oversight of the College and for the determination of policies for the organization, administration and development of the college under N.J.S.A. 18A:64-6; and
- WHEREAS,** the New Jersey Pinelands Commission is considering revisions to the Pinelands Comprehensive Management Plan (CMP) to revise the boundaries of the Pinelands Management Areas based upon the recent study called the Ecologic Integrity Assessment (EIA); and
- WHEREAS,** the College supports a continuing review and refinement of the Comprehensive Management Plan to provide wide public input and actions based upon improved science and technology; and
- WHEREAS,** the Casino Reinvestment Development Authority (CRDA), in conjunction with the County of Atlantic, the Municipality of Galloway Township and numerous representatives of State Agencies, including the New Jersey Pinelands Commission, The Office of Smart Growth and other contributing agencies are in the process of completing the CRDA Transportation Plan for the future transportation infrastructure needs of Atlantic City, the Greater Atlantic City Region and Southern New Jersey; and
- WHEREAS,** the proposed CRDA Transportation Plan, includes an expansion of the existing Exit 44 on the Garden State Parkway to include full North and South exits and entrance access points which would greatly improve accessibility to the College for students, faculty staff and the community it serves, and
- WHEREAS,** On February 10, 2009, a Resolution was adopted by the Board of Chosen Freeholders of the County of Atlantic, the Casino Reinvestment Development Authority (CRDA), the municipality of Galloway Township and other participating State Agencies (the "Government Entities") to urge the New Jersey Pinelands Commission to extend the proposed process in order to meet with all agencies involved with the CRDA Transportation Master Plan in general, and in particular Exit 44, that impacts the transportation needs of the College, and
- WHEREAS** the College wishes to endorse the action taken by the other Government Entities as described in its Resolution, now, therefore, be it resolved

RESOLVED,

the Board of Trustees supports the February 10, 2009 Resolution of the Government Entities and requests the that the New Jersey Pinelands Commission extend its proposed process in order to meet with all agencies involved with the CRDA Transportation Master Plan in general, and in particular, reconsider its current plan that would adversely impact a full interchange off exit 44 on the Garden State Parkway (GSP) that is so vital to the growth and transportation needs of the College.
