**TA Instruments – Water LLC (514021)**

**FY14 \$84,750**

This bid waiver is for equipment for the Unified Science Center. The Q20 Differential Scanning Calorimeter and the Q600 Thermal Gravimetric Analyzer TGA, are an essential suite of instrumentation used to characterize the properties of a wide range of materials, including inorganic compounds and polymers and allows for complimentary analysis, giving Stockton an edge in the study of inorganic and polymeric materials. (Reference: N.J.S.A.18A:64-56 (a) [03,10,19])

**Percival (514022)**

**FY14 \$35,450**

This bid waiver is for a Plant Growth Container for the Unified Science Center. These containers are the among the most energy efficient units on the market, and have a unique, patented high efficiency lamp bank. The current growth chambers on campus do not have the ability for day length regulation needed for growing plants. The combination of efficiency with longevity will lead to substantial savings over the life of the instrument. These units are the standard for plant growth research, so much so that growth chambers are commonly referred to as "Percivals".  
(Reference: N.J.S.A.18A:64-56 (a) [03,10,27])

**Agilent Technologies (514024)****FY14 \$382,565**

This bid waiver is for the relocation and installation of the equipment for the Unified Science Center. Agilent is a leading corporation of highly technical scientific instrumentation, equipment and services and has done business with the college for over 20 years. Agilent services and supports much of the existing equipment in the current Science Lab facility. If Agilent or their subsidiaries' equipment is not moved by Agilent, it may cause the service contract on current equipment to become null and the College would then be responsible for all costs associated with repair or replacement of said equipment. (Reference: N.J.S.A.18A:64-56 (a) [02])

**Professional Services****Christopher Bahl (514019)****FY14 \$75,000**

This bid waiver is for Sign Language Interpreting Services for fiscal year 2014 for a full-time deaf student. A bid was sent out but only a few replies were received. Mr. Bahl was one of those who responded, he has worked with Stockton before, and another interpreter is needed but has not yet been chosen. Specific hours needed make it difficult to find interpreters. (Reference: N.J.S.A.18A:64-56 (a) [02])

**Marathon Engineering & Environmental Services Inc. (514023)****FY14 \$74,600**

This bid waiver is for the proposal from Marathon to address the Public Comments received by the NJ Pinelands Commission. Marathon is the original engineer on most of the developments listed in the proposal, therefore has firsthand knowledge on any problems or questions that may arise from The Pinelands. They have established themselves as a positive liaison between the Pinelands Commission and the College. (Reference: N.J.S.A.18A:64-56 (a) [01])

**Creosote Affects (514025)****FY14 \$65,000**

This bid waiver is for the discovery and creative development of new Admissions' campaign themes, Interactive Viewbook with responsive design (including strategy, editorial, design, layout, programming, App Store Submission), travel brochure, financial aid brochure, transfer brochure. This is a non-competitive professional services, the vendor is chosen based on reasonable cost, capability to produce high quality award winning individualized products, and a history of excellent service to Stockton. In addition to maintaining consistency of service, research, knowledge of the Stockton market base and dedication to growing with the Stockton brand, with the introduction of the Interactive Viewbook, Creosote owns the programming code for the Apple application. To go with another vendor would be cost prohibitive due to new coding, programming, research and design work. (Reference: N.J.S.A.18A:64-56 (a) [15])

Authority: N.J.S.A. 59:10A-3

Effective Date: April 9, 1975; July 10, 2013 (First Reading)

Unless subject to a statutory exception, the Attorney General shall, upon the request of an employee or former employee of the State, provide for the defense of any action brought against that State employee or former State employee for an act or omission **in the scope of their employment**. N.J.S.A. 59:10A-1. The Attorney General may decline such representation if the Attorney General determines it is more probable than not that an exception to such representation exists. Those three exceptions are:

1. The acts or omission was not within the scope of employment,
2. The act or failure to act was because of actual fraud, willful misconduct or actual malice, or
3. The defense of the action would create a conflict of interest between the State and the employee or former employee. N.J.S.A. 59:10A-2.

The Attorney General for the State of New Jersey has discretionary authority to furnish a defense for all State employees or former State employees in any other actions or proceedings including charges of criminal activity when the Attorney General determines that it is in the best interest of the State to do so. N.J.S.A. 59:10A-3 The Attorney General for the State of New Jersey is charged with the responsibility of making a judgment as to whether or not State employees accused of criminal or disorderly persons offenses related to State employment should be provided with legal representation by the State of New Jersey.

Requests for representation shall be made to the President. In the event a request for representation is made to the President, appropriate inquiry will be made, and documentation gathered if appropriate. The President will make recommendations on the matter to the Attorney General.
